Dear friends,

Please, find the attached inscription folder for the « ancient tools and folk art objects Fair » that will take place on the 1st of May 2024, in Bièvres.

For 2024, important information to communicate :

- Except for displaying and repacking, NO vehicle is allowed to remain on the Tool Fair space for security reasons. All vehicles must be parked on the space dedicated to exhibitors.
- Please note that the Fair timetable has been modified. It is now from 8 :00 AM to 5 :00 PM.
- Due to the security situation, we will keep the occupancy level set in 2023 and blocking dams will be placed at several entry points.
- At the end of the day, the volunteers of LADO will be delighted to welcome you to share a friendly time .
- Finally, as it is always impossible for us to influence weather conditions, consider providing the necessary equipment to protect you and your goods from rain and cold.

This year, the emphasis is on the restoration of Notre-Dame de Paris and on the traditional tools and trades associated with it. This gives you the opportunity to show all your tool treasures...
